SUBMITTAL OF DRAFT FINAL SAMPLING AND ANALYSIS PLAN FOR GROUNDWATER INVESTIGATIONS INVOLVING ACTINIDE DRILLING-ARTIFACT CONTAMINATION, THE INDUSTRIAL AREA VOC PLUME EAST BOUNDARY, AND SOLAR PONDS PLUME WELL INSTALLATIONS, RF/RMRS-99-347 - MW-078-99

Enclosed please find ten copies of the FY99 Draft Final Sampling and Analysis Plan for Groundwater Investigations Involving Actinide Drilling-Artifact Contamination, the Industrial Area VOC Plume East Boundary, and Solar Ponds Plume Well Installations. This Sampling and Analysis Plan has been revised to incorporate Kaiser-Hill and DOE review comments received for the initial draft report originally submitted for joint Kaiser-Hill and DOE review. Please retain three copies of the report for Kaiser-Hill reference and transmit seven copies to DOE. We recommend that DOE retain three copies for reference and transmit two copies each to EPA and CDPHE for review and comment.

Field activities for these projects are currently scheduled to be initiated in July 1999. Please request that EPA and CDPHE return their comments by July 2, 1999, so that we can expedite comment resolution and start field activities at the earliest possible date.

Please contact me at extension 9878 with any questions.
